To my dearest, as yet, unmet son,  
I have just now boarded a ship that is to leave Marseilles bound for Yokohama. It is called "La Crimson"... I believe in Japan it would be rendered as "Crimson-maru".  
Fuel and food has all been loaded and all that remains is to wait for our launch early on the morrow.  
My 2nd class cabin, so well furnished that one could scarcely believe one is at sea, affords me the chance to write this letter to you and even to do some simple research.  
As you grow larger each day within the comfort of your mother's womb, I have little to do but bide my time upon this vessel.  
In this respect, at least, you are my elder in spirit.  
Send my greetings to Mama... Naturally you do not yet have the gift of words, but I trust a good kick from your sturdy young legs will more than suffice.  
How odd that I have assumed you to be a "son" rather than a "daughter".  
Your father,  
François Gordot

The arts and the music are a plus to this game, buy it if you like jigsaw Puzzles and beautiful Fantasy arts ! Especially for this cheap price. I love this game!! Well made!!!

5 of 5 stars!! Met and exceeded expectations!!!

This is truly a must buy game!!!. A well made classic RPG. Highly entertaining, hilarious, and does have some degree of difficulty. Soundtrak is so Metal! Keep your eyes peeled for various mentions of famous Metal artists. Worth buying! Can't wait to play the other titles from Crankage Games!. Needs lots of work. It is early days though but this is no sandbox, frustrationbox maybe. It does have promise; we will see how it develops at which time I may change my review. Till then this isn't one I can give the thumbs up to.. This game is better than it should be lol. Game Full Of Spamer An lagger That or Pretty Ez to Beat with basic over ALL its a Good Game

This game is fun but, THIS IS A RIP OFF OF SUPER PAPER MARIO! AND WHY?! DOES IT COST MONEY TO DO ALL THE REST OF THE FIGHTS AND EARN HEALTH AND COINS?!?! Please I like trump BUT SRSLY?! RIP OFF!. Wait! I actually really do like this game!

As an RTS, its really simple and fun to construct and play. The campaign is great, the models\\music are great, and the game is overall a 9\\10-BUT- it came out a VERY long time ago.

The problem with that, is the majority of multiplayer doesn't exist anymore. The game has very low solo player replay value and because of the way the multiplayer works in 2019, I can't recommend anyone buy it anymore D:

Its not a slight on the games quality, so much as telling people not to drop 20\$ on a game that, in 2019, is so limited when they're alternatives, such as Age of Empires: Definitive Edition, with much more stable multiplayer communities.. There is never anyone online to play with... Dogfight 1942 is a fun World War II arcade game that works perfectly with an Xbox controller.. delete this game from steam pls hurry imma die soon
